

SIMTECH OPENS NEW FACILITY AND CELEBRATES 36TH ANNIVERSARY

Huntsville, AL, March 22, 2019 – Simulation Technologies, Inc. (SimTech), a Huntsville, Ala. based, woman-owned small business, is pleased to announce the opening of a new 25,000 square foot facility in Huntsville’s Cummings Research Park and the celebration of our 36th anniversary.

“SimTech is pleased to consolidate our Huntsville operations in this facility, which is also being modified for classified processing. Once we have full approval, nearly fifty people will be supporting our Government customers at this site,” SimTech CEO Annie Saylor said.

For 36 years, SimTech has consistently provided quality engineering and technical solutions to the U.S. Army by means of radar and multispectral simulations, systems engineering, logistics, cyber security, and programmatic support. SimTech is a multiple-year contender for the Huntsville Chamber of Commerce “Best Places to Work” award and was named in the 2017 Inc 5000 list of fastest-growing companies. SimTech is a prime AMCOM Express contractor and is an active teammate with numerous Huntsville-based defense contractors.

“U.S. Army Aviation and Missile Research, Development, and Engineering Center provides increased responsiveness to the nation's Warfighters through aviation and missile capabilities and life cycle engineering solutions.”
