

## SIMTECH WINS AMCOM EXPRESS BLANKET PURCHASE AGREEMENT

Huntsville, AL, May 1, 2018 – Simulation Technologies, Inc. (SimTech) is pleased to announce it was awarded an AMCOM Express BPA to provide technical services to the U.S. Army Aviation and Missile Command (AMCOM) and its customers. SimTech and its 64 teammates will provide support to AMCOM customers' managed systems/equipment/technology, covering more than 30 technical areas and all Army systems.

*"AMCOM provides materiel readiness to the total Army through acquisition support, sustainment logistics, research, development, engineering, field maintenance, calibration, security assistance and contracting. SimTech is pleased to have been selected to help AMCOM continue that mission; to assure our warfighters are ready to fight wherever needed," SimTech CEO Annie Saylor said.*

For more than 35 years, SimTech, a Huntsville, Ala. based small business, has consistently provided quality engineering and technical solutions to the U.S. Army by means of radar, infrared simulations, systems engineering, logistics and programmatic support.
